RESPONSE TO NOTIFICATION OF
MISSING REQUIREMENTS UNDER
35 USC 371

San Francisco, CA 94111
December 20, 2001

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

This responds to the Notification of Missing Requirements dated March 29, 1999 and accompanies applicants' Petition to Withdraw Holding of Abandonment or, in the alternative, to Revive Abandoned Application.

Attached hereto are the following:

1. A copy of the Notification of Missing Parts
2. Applicants' fully executed Declaration and Power of Attorney
3. A corrected English translation of the international application. It differs from the English translation filed on November 13, 1998 in that reference numerals were inserted in claim 2.
4. An English translation of "Amended Claims" 1-9 of the international application.

Application No. 00000002 201430 09180699
Page 2

Please charge the fee of \$130 for the filing of a corrected translation, the fee of \$130 for late filing the signed Declaration and Power of Attorney, and any other fee in connection with this paper or which may otherwise be due during the pendency of this application, to Deposit Account No. 20-1430 of the undersigned.

Applicants also received a Notice of Defective Translation, which, in addition to observing that claim 2 lacks the reference numerals which are present in the international application, notes that the number of claims in the international application and the number of claims in the translation are not the same. In fact they are the same. The international application as originally filed (in German) had 11 claims. The same 11 claims are contained in the translation of the international application.

Subsequent to the filing of the international application, applicants submitted "Amended Claims" 1-9 on substitute pages 6 and 7. Attached hereto is a copy of the amended claims on substitute pages ("GEÄNDERTES BLATT") 6 and 7 and an English translation thereof.

In this context, applicants note that in the Preliminary Amendment dated November 13, 1998 with which this application was filed, the dependencies of claims 10 and 11 were inadvertently changed, although they are no longer part of the international application, and no translation of the amended claims was filed.

In view thereof, applicants have attached hereto a Substitute Preliminary Amendment which amends Amended Claims 1-9 to eliminate the multiple dependencies.

DECLARATION OF
MICHELE A. SIMONE

San Francisco, CA 94111
December 20, 2001

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

I, Michele A. Simone, declare:

1. I am over 18 years of age and am employed full-time as U.S. Docketing Supervisor for the firm of Townsend and Townsend and Crew, ("Townsend").
2. My business address is: Townsend and Townsend and Crew, Two Embarcadero Center, 8th Floor, San Francisco, CA 94111.
3. I have been continuously employed by Townsend since January 1985, and have been U.S. Docketing Supervisor since May 1990.
4. The Townsend procedure for handling U.S. Patent and Trademark Office ("PTO") mail, including but not limited to Notifications of Missing Parts and Notifications of Abandonment, is outlined below:
 - a. All incoming PTO mail is directed to my attention.

b. Using a computerized docketing system, I personally calendar due dates, and mark the original document with the Townsend docket number, attorney initials and response due date, if any. The original PTO document is then forwarded to the working attorney.

c. A copy of the first page of the Office Action is made and retained by me as a manual back-up copy.

d. On or about December 14, 2001, and upon the request of attorney J. Georg Seka, I conducted a thorough search of the computer and corresponding manual back-up records for any information/documentation relating to the above-identified application. I found no evidence of receiving a Notification of Missing Parts dated March 29, 1999, or of a Notification of Abandonment dated February 15, 2000, in either the computerized docketing system or in the back-up copies of the first pages of the Office Actions kept by me. A response to the Notice of Missing Parts, which set a one-month term for responding, would have been due on April 29, 1999. Attached are pages from Townsend's docket for April 29, 1999, which demonstrates that the Notice of Missing Parts was never entered in Townsend's docket.

e. I have no recollection of ever having received a Notification of Missing Parts dated March 29, 1999, or a Notification of Abandonment dated February 15, 2000, relating to the above-captioned application.

Application No. 09/180,699

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
